# LOKESH KUMAR S

Madurai, Tamil Nadu, India | 9360516987 | lokeshkumar93605@gmail.com | linkedin.com/in/lokesh-kumar-s0803

## PROFESSIONAL SUMMARY

Aspiring Software Developer with a strong foundation in full-stack and mobile application development using React, React Native, Node.js, and MongoDB. Skilled in building responsive, user-friendly applications, integrating REST APIs, and managing application state efficiently. Published researcher in applied deep learning and computer vision. Quick learner with strong analytical and problem-solving abilities, seeking to contribute to a professional software development team.

## TECHNICAL SKILLS

**Programming Languages:** C, Java, Python, R, JavaScript, TypeScript

**Web & Mobile Development:** React, React Native, Node.js, Express.js, MongoDB, HTML5, CSS3, Redux, REST APIs, SQL

**Tools & Platforms:** Git, GitHub, VS Code, Figma, Postman, Excel, Tableau

**Core Competencies:** Analytical Thinking, Problem Solving, Adaptability, Critical Thinking, Logical Reasoning

## PROFESSIONAL EXPERIENCE

**Software Developer Intern — BSEtec, Madurai, Tamil Nadu** *Dec 2025 – Apr 2026*

- Developed a hybrid mobile application using React Native with Redux for efficient global state management across the app.
- Integrated third-party APIs and implemented navigation flows to enhance application functionality and user experience.
- Designed responsive UI screens ensuring consistent look and feel across multiple device sizes.
- Optimized application performance through code refactoring and efficient state handling, maintaining consistent UI/UX standards.

## ACADEMIC PROJECTS

**Lensman — Online Photographer Booking System**

*Technologies: React, Node.js, Express, MongoDB*

- Built a full-stack photographer booking web application with separate client and photographer modules, serving as project lead.
- Implemented authentication, role-based access control, and secure session management for two distinct user roles.
- Developed CRUD operations and REST API integrations to manage photographer profiles, portfolios, and bookings.
- Designed a dynamic, form-validated interface for portfolio and profile management, improving usability.

**Deep Learning-Based Automated Fish Eye Detection and Freshness Classification: A Two-Stage Approach**

*Technologies: Python, PyTorch, Ultralytics YOLO26n, MobileNetV3-Large*

- Developed a fully automated two-stage deep learning pipeline using YOLO26n for fish eye detection and MobileNetV3-Large for binary freshness classification.
- Achieved 92.86% classification accuracy on the FFE Mendeley dataset, surpassing prior state-of-the-art results by +15.56%.
- Reduced manual inspection effort and human error through real-time, image-based automated analysis.

## EDUCATION

**Master of Computer Applications (MCA)** *Sep 2024 – May 2026*

*Thiagarajar College of Engineering, Madurai | GPA: 7.93 / 10*

**Bachelor of Science in Computer Science** *Sep 2021 – May 2024*

*Thiagarajar College of Arts and Science, Madurai | GPA: 8.36 / 10*

## CERTIFICATIONS

- Front End Web Developer — Infosys Springboard
- Data Analytics with Python — NPTEL, IIT Roorkee
